

## About the Lake

Lake Belle Taine encompasses 1442 acres with 21½ miles of shoreline with a maximum depth of 63ft. The lake is known for the clarity of its water. The lake has an abundance of underwater structure and weed lines creating a habitat for superb largemouth and smallmouth bass, crappie and of course lots of northern pike. In addition, the lake harbors the silver pike, which is a genetic mutation of the northern pike exhibiting a silver color phase. The lake also has a good number of walleye, but they can be a challenge to catch due to the clear water.

There are also a number of secluded bays if you just want to sit and enjoy the sun and relax.

## Follow Your Dreams

As many resort owners, it all started with a dream - a dream so BIG, it sometimes seemed unachievable. But with a lot of perseverance and desire to fulfill that dream, it has come true. After searching for the "perfect place" for over a year, we sold AUTOWORX, our automotive repair business in Mount Vernon, Iowa, and followed that dream. In June of 2017, we purchased Belle Shores Resort, and with three moving vans, a pickup truck pulling a boat, four cars, two dogs and one cat we arrived at our new home. Dreams do come true!

## One Guest at a Time

Resorting has been a way of life in the Kalm family for over 70 years. We spent our family vacations at a resort near Brainerd, MN, so we understand what your needs are for a great vacation. Belle Shores has an amazing lakeside setting and wonderful guests who return year after year. We look forward to carrying on the Belle Shores tradition, make a few changes, and keep many things the same. We are excited to continue to make new friends, "One guest at a time."

**Thank you** for your interest in Belle Shores Resort. Whether you enjoy golf, fishing, canoeing, swimming, biking, hiking, or just relaxing in a great setting with a good book, we strive to make your vacation memorable. Should you need additional information, please give us a call.
